

## **Cre8Play Products Can Now Be Purchased through the HGACBuy Program.**

Cre8Play is pleased to announce that its themed play elements are now available to purchase through the HGACBuy, a nationwide government-procurement service that establishes competitively priced contracts for goods with the assurance that all contracts have been awarded through a competitive, public bidding process that is compliant with state bidding contracts.

To become an HGACBuy contractor, Cre8Play went through a public competitive bid process with the Houston-Galveston Area Council (HGAC). Following the review of interested parties and HGAC's Board of Directors, Cre8Play was awarded the contract on a term of two years.

Because Cre8Play participates in HGACBuy, members of the organization can simply purchase Cre8Play themed play elements and related equipment that has already been awarded based on carefully written specifications that have already been competitively bid.

Membership in HGACBuy is available to all local governments, states, state agencies and nonprofit organizations, and is free and easy to use. The best part of the HGACBuy program is that it allows agencies to have complete control of the design of the equipment being purchased based on written specifications. To join HGACBuy or for more information, visit [hgacbuy.org](http://hgacbuy.org)
